DETAILED ACTION

This Application has been examined. The claims 6-7, and 11-16 are pending. The examination results are as following.

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

None of the cited art do not disclose that the display apparatus further comprising a peak hold circuit for generating a DC voltage based on synchronizing signals received from said host, said DC voltage generated by said peak hold circuit being supplied only to said storage means for the VGA interface and said multiplexer as claims 6, 15 and 16, or a multiplexer operably connected to the first and second storage memories, the multiplexer outputs DVI-I specification information to the graphics card in order for the display device to properly display images in accordance with the specification information for the DVI-I interface and when the graphics card voltage is determined to be absent, the multiplexer outputs the specification information for the VGA interface to the graphics card in order for the display device to properly display images in accordance with the VGA specification as claim 11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
